

Case study

Shop the Right Floor

Devine Things - Boutique Retail, in Napier CBD

Collaboration at Work

Devine Things are well known for quality, style and service. They were looking for a new flooring design to match their high standards.

Carpet Court worked closely with Devine Things to create a unique, elegant floor for their Napier store.

To create this stunning patterned parquetry Carpet Court and Devine Things worked closely together. Multiple consultations ensured a clear understanding of the project requirements and on time delivery.

Not only is the flooring beautiful, it's practical, hiding non-slip tape within the design for customer safety.

Project Wrap Up

TIME: Job Completed in 1 Week

FLOOR: Karndean Parquet Planks

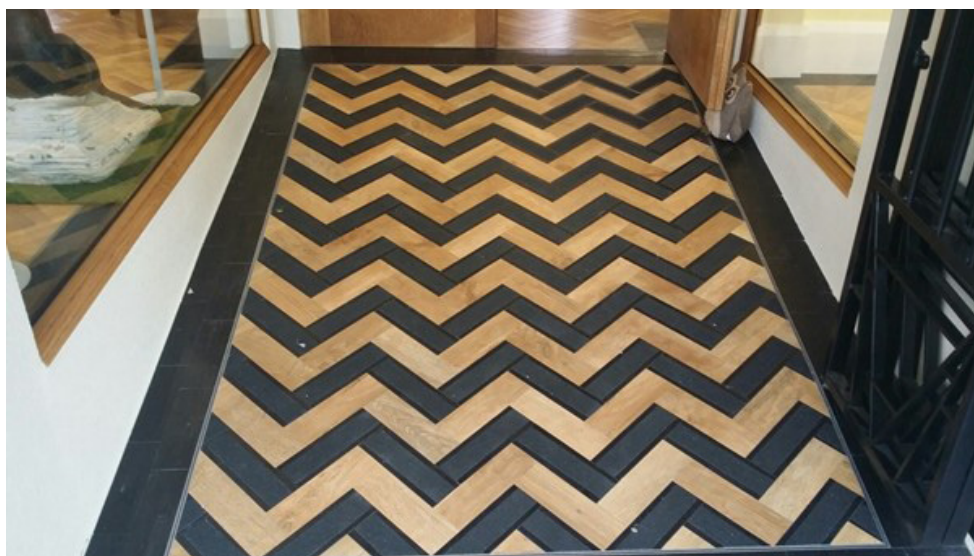

TECHNICAL DIFFICULTIES:

Creating a design that met the customers needs while being practical to install in hallways.

OUTCOME:

The complexity of the design required skill and attention to detail from the Carpet Court team.

And the result is simply stunning.
